

The WMed General Surgery Residency Program performance in American Board of Surgery In-Training Examination (ABSITE) and American Board of Surgery (ABS) Qualifying Exam (QE) and Certifying Exam (CE)

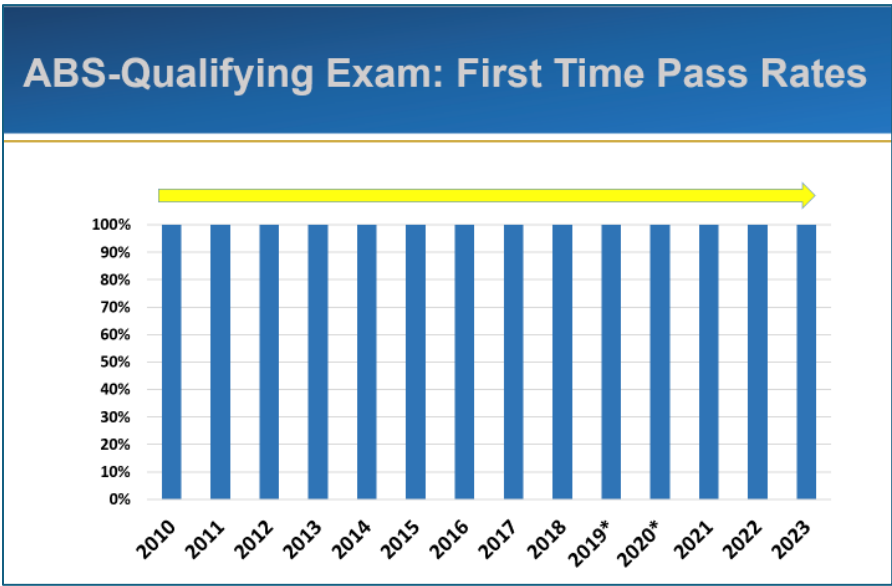

ABSITE

Overall, our program achievement in ABSITE has been above the national average.

ABS-QE

Over the last 14 years, our program has maintained a passing rate of **100%** in the American Board of Surgery Qualifying exam.

ABS-CE

The most recent report showed that our program passing rate is **100%** [i.e., Pass Rate Percentile for 1st attempt is 99 (the percentile indicates the percent of programs that rank at or below your CE pass rate)]
