West Michigan's Best Doctors

Here are 175 physicians in 48 specialties and subspecialties, selected by their peers, in this excerpt from the 2015-2016 Best Doctors in America® database.

No one wants to get sick. No one hopes to need a doctor. But when the time comes, finding the right physician becomes a top priority.

For most people, the solution to finding a good doctor is to ask friends and family for a recommendation.

That word-of-mouth method is how Best Doctors Inc. has compiled a database of more than 40,000 U.S. doctors in 40-plus medical specialties and 400 subspecialties.

Best Doctors' team of researchers conducts a biennial poll using methodology that mimics the informal peer-to-peer process doctors use to identify the right specialists for their patients.

Using an accredited polling method and balloting software, Best Doctors gathers the insights and experiences of tens of thousands of leading specialists all over the country, while confirming credentials and specific areas of expertise.

This type of evaluation is based on the belief that doctors have inside perspective about who's at the top of their profession and who's up on the latest advances in their field.

Best Doctors was founded in 1989 by Harvard Medical School physicians.

Gallup® has audited and certified Best Doctors Inc.'s database of physicians and its companion The Best Doctors in America® List, as using the highest industry standards, survey methodology and processes.

This list of West Michigan physicians was excerpted from The Best Doctors in America® 2015-2016 database and is maintained by Best Doctors Inc.

Best Doctors does not pay physicians to be included in the database, nor can physicians pay to be on the list.

According to Best Doctors Inc., the company has used its best efforts in assembling material for this list, but does not warrant that the information contained herein is complete or accurate, and does not assume, and hereby disclaims, any liability to any person or other party for any loss or damage caused by errors or omissions herein, whether such errors or omissions result from negligence, accident, or any other cause.

For more information, visit bestdoctors.com, by phone at (800) 675-1199 or by e-mail at research@bestdoctors.com. Lists of doctors are not available on the Best Doctors website.

Gallup* has audited and certified Best Doctors, Inc.'s database of physicians, and its companion The Best Doctors in America* List, as using the highest industry standards survey methodology and processes. These lists are excerpted from The Best Doctors in America* 2015-2016 database, which includes over 40,000 U.S. doctors in more than 40 medical specialties and 400 subspecialties. The Best Doctors in America* database is compiled and maintained by Best Doctors, Inc. For more information, visit www.bestdoctors.com or contact Best Doctors by telephone at 800-675-1199 or by e-mail at research@bestdoctors.com. Please note that lists of doctors are not available on the Best Doctors Web site. Best Doctors, Inc., has used its best efforts in assembling material for this list, but does not warrant that the information contained herein is complete or accurate, and does not assume, and hereby disclaims, any liability to any person or other party for any loss or damage caused by errors or omissions herein, whether such errors or omissions result from negligence, accident, or any other cause.
